

Philadelphia Pathwork Studies Program Presents:

A One-Day Workshop

Uncover your Original Nature:

This workshop will be a balance between looking at the dark and the light. Questions the Guide asks:

What is the ground of your being?

Which order of the lightforces do you belong to?

(Yes this is in #30 Pride, Self Will and Fear!)

We will look at the three
basic hindrances which blur
our basic light:

self-will, pride and fear.

We will become conscious of
their impact on us in concrete
ways in our daily lives.

*"It is also important to get to
know the special individuality of
your higher self so as to utilize it
and to realize its particular force."*

*"Simply uncovering this ground
perfection in its original nature with
your talent intact is the path of
purification." PGL#30*
