LEARNING TO LOVE

The Pathwork Guide tells us, *“The word love means so much more than you can possibly perceive as yet. The kinds of love are infinite, and the depths of the experience of loving cannot be conveyed in words.*

When you are in a state of loving, you taste life differently. Life then tastes sweet, exciting, interesting and golden. So to achieve the state of lovingness, you need to travel through the state of unlovingness and alienation.

But more and more, my dearest ones, you gain this experience, and little by little you discover the wealth, the richness, the desirability, not of being loved – that is a pleasant, inevitable byproduct – but of loving.”

Join us to explore the state of loving and learning to expand our ability to taste the sweetness of life!

Free gatherings take place throughout our region on the first Wednesday and first Friday of each month. Pathwork Teachers lead discussions on a particular Pathwork lecture and include meditations, prayers and exercises. Open to new and experienced Pathworkers. Come to one or all the sessions.
